

List of References for EPC Projects

Customer	Reference	Site	PC	Year of Realization
ETIHAD Sugar Refinery	Planning, design, manufacture, erection and commissioning of source of processing steam and power for a sugar plant.	Babylon /Iraq	1	2018
BARLINEK Inwestycje Sp. z o.o	Planning, design, manufacture, erection and commissioning of source of processing steam and power for a company processing wood mass. Energy source includes 33 t/h boiler and steam turbine with power output 5,78 MWe.	Barlinek /Poland	1	2017/2018
BIOMASS TO ENERGY BENKOVAC d.o.o.	Energy source with power output 4,93 MW combusting wood chips and straw pellets. Planning, design, manufacture, erection and commissioning 26 t/h steam boiler and 5,6 MWe condensing steam turbine. Range of scope of the delivery also includes technology projects, construction part, transport of fuel, cooling system, electric power lines and other parts necessary for full-fledged operation of power plant.	Benkovac /Croatia	1	2016/2017
JAZAN Sugar Refinery	Turnkey EPC Project including 2 boilers 75t/h combusting heavy fuel oil, 2x 7 MW steam turbines, reducing station, complete electrical part and control system. It follows other successful references of EKOL company- NILE Sugar in Egypt and ETIHAD FOOD INDUSTRIES in Iraq.	Saudi Arabia	1	2016/2017
ETIHAD Sugar Refinery	Planning, design, manufacture, erection and commissioning of source of processing steam and power for a sugar plant	Babylon /Iraq	1	2014
THERMAL PLANT LOUČOVICE, a.s.	Planning, design, manufacture, erection and commissioning of Biomass Power Plant including 7,5 MW backpressure steam turbine with generator, type specification K7,5-6,5/1,0	Loučovice /Czech Republic	1	2013
VEOLIA Energie ČR, Frýdek-Místek	Planning, design, manufacture, erection and commissioning of Biomass Power Plant including,8 MWe backpressure steam turbine with generator, type specification R5,8 – 6,2/0,04-0	Sviadnov /Czech Republic	1	2012

EKOL, spol. s r.o.
Křenová 65
602 00 Brno
Czech Republic

Heat and power engineering

Customer	Reference	Site	PC	Year of Realization
BELARUSKAL I RU2	Planning, design, manufacture, erection and commissioning of source of power output 7,2 MWe and heat in form of steam 15 t/h and flue gas	Soligors /Belarus	1	2011
Nile Sugar Co.	Planning, design, manufacture, erection and commissioning of source of processing steam 160 t/h and power output 16 MWe for power a sugar plant	Alexandrie /Egypt	1	2010
